# Residential and Corporate Automation

Shrini Corp's Integrated Smart Automation systems are custom built to best fit around your lifestyle and needs. Whether you are looking to Automate a single room or you are designing your dream home or bungalow.

Keep yourself in comfort and save energy at the same time.

Set the levels you want your home to maintain while you're away, as well as preparing the level of comfort of desire when you return home.

## Advanced Lighting Control with Voice

We offer state-of-the-art Lighting Control systems specifically for luxury homes with complicated lighting loads and unique ambient lighting conditions. Our advanced lighting control system offers voice control over lights and moods. With Amazon's Alexa its very simple. Just Say "Alexa, Turn ON Relax". Relax mood will be turned ON and so much more with Advanced Voice Control Technology Integration with your Smart Home.

## Residential and Commercial Media Control

Our team are specialists in transforming any living spaces, lofts and basements into media rooms or a dedicated Home Theatre. From dedicated audio zones to fully automated theatre rooms, your bespoke cinema or audio room can be as discreet or as indulgent as you wish. With our experience and knowledge, we can simplify the most complex of requests, so your new space will perform exactly as you want it to do. We always design, specify and build your system to meet your own individual specification.

## Protect your Environment and Valuables

Smart Residence security systems allow you and your family to monitor your home for burglary, theft, fire or smoke, from almost anywhere with a smartphone, tablet or computer. And you can set up your system to send you text and email notifications and alerts. Most sophisticated and innovative security devices will be monitoring your home at all times, 24 hours a day, 7 days a week.

## Integrated Smart Automation with World Leading Companies:

Various Customized Options to meet any budget !!!

# Smart Automation Solutions

## Smart Lighting Solutions

With Smart Lighting solution its easy to play with your moods and scenes. Amazon Alexa Voice enabled devices can be integrated to enhance overall experience and convenience.

## Smart Security Solutions

A smart home security system connects to your home Wi-Fi network so you can monitor and control your security devices using your smart phone.

## Motorized Curtains-Shades

Motorize your curtains. Life in motion! We have automated control of your curtains with an electric curtain track. With central or side opening and blends in discreetly with your interior designs.

## Smart Audio Video

With Smart Audio Video, Listen to your favorite music zone-wise. Complete entertainment system at fingertips. Enjoy buffer-free entertainment within home.

## Motion Sensors

Motion sensors, also known as motion detectors, are an excellent and essential level to your home security.

## Smart Door Lock

Smart door locks offer sophisticated "access control" features to any home or business. Proximity sensors can enable a door to unlock whenever an authorized user's smartphone approaches.

## Climate Control (AC)

Control AC temperature at your fingertips. No worry at all while you are away. AC can be controlled from anywhere at anytime.

## Smart Switches

From enabling physical security to managing an end-to-end wireless infrastructure, smart switches provide the basis for secure and reliable business networks.

## Interactive Projectors

Control your presentations and PC applications, or navigate the modern touch screen interface with the finger-touch enabled interactive projector Systems.
